LAS VEGAS CONVENTION CENTER

“We are grateful to our customers who continue to choose Las Vegas. We are committed to providing an extraordinary experience, in a world-class facility, in a destination like no other.”

STEVE HILL
LVCVA CEO/PRESIDENT

IN THIS AGE OF INNOVATION,

Las Vegas allows visionaries to come together to share ideas and push their industries even further by providing the world’s premier destination for conventions and trade shows.

Guests and attendees are met with an unrivaled experience from the moment they arrive. The destination can accommodate convention and trade shows of any size, with 15 million square feet of indoor and outdoor exhibit and meeting space as well as professionals trained to handle your needs.

Just beyond the walls of the trade show and convention venues exists unparalleled entertainment opportunities, from award-winning shows to professional sports. Las Vegas is home to world-class cuisine, one-of-a-kind attractions, excellent shopping and a variety of outdoor activities.

With the space, technology, accessibility and commitment to excellence, there is no question that Las Vegas is the quintessential convention and trade show locale.

AN UNFORGETTABLE MEETING EXPERIENCE.

The Las Vegas Convention Center (LVCC) is one of the busiest facilities in the world - a 4.6 million-square-foot facility located within a short distance of over 150,000 guest rooms.

Operated by the Las Vegas Convention and Visitors Authority (LVCVA), the convention center is well known among industry professionals for its versatility.

“Big thanks to the LVCC for partnering with us on our internal sustainability goals. They helped WasteExpo walk the walk when it came to delivering a sustainable event. No idea was too ambitious, and their openness allowed us to achieve these goals while delighting our attendees and exhibitors. We know it isn’t easy doing this within an industry that lives and breathes sustainability daily – and the LVCC happily and enthusiastically delivered!”

WASTEEXPO

OUTSTANDING FACILITIES AND MEETING ROOMS

The Las Vegas Convention Center (LVCC) marked the completion of the $600 million renovation of the facility’s legacy campus in January 2026, delivering a world-class convention center experience that reflects the scale and ambition of Las Vegas. The project built on the customer experience, technology and modern design introduced with the $1 billion West Hall in 2021, extending those elements across the 4.6 million-square-foot campus.

Key design highlights of the reimagined facility include:

- More than 2.5 million square feet of exhibit space
- Nearly 400,000 square feet of meeting space
- 225 meeting rooms
- Parking for more than 5,000 vehicles
- A climate-controlled interior concourse located between the North Hall and the South Hall allows attendees to move throughout the entire facility without exiting the building
- A redesigned South Hall features a new entrance on the east side of the building, a state-of-the-art boardroom, and a new administrative office complex
- The Las Vegas Monorail and Vegas Loop provide quick and convenient transportation options to move attendees across campus and throughout Las Vegas
- 14,000-square-foot outdoor terrace with sweeping views of the Strip
- The West Hall atrium features a 10,000-square-foot digital screen developed by Samsung, the largest digital experience in a convention center in the U.S.

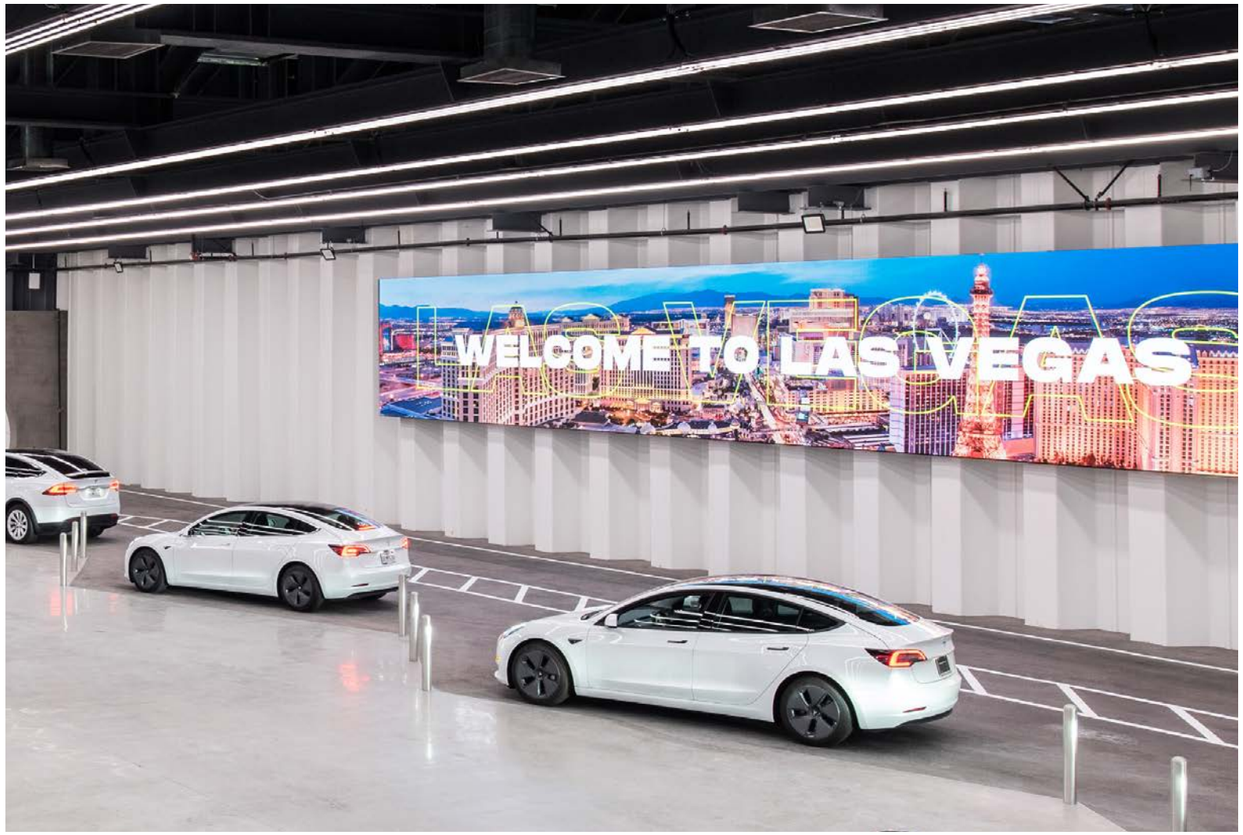
Transportation

VEGAS LOOP AT LAS VEGAS CONVENTION CENTER



THE VEGAS LOOP AT THE LVCC REDUCES A 25-MINUTE WALK TO A LESS THAN TWO-MINUTE RIDE.

Vegas Loop at the Las Vegas Convention Center (LVCC) is an underground green transportation system consisting of approximately 2 miles of tunnels built to accommodate all-electric zero emissions Tesla vehicles. The LVCC portion of the system is designed to transport more than 4,400 convention attendees per hour between five stations across the 200-acre Las Vegas Convention Center campus in a fun and convenient way, free of charge!

Vegas Loop at the LVCC inspired a larger effort of underground transportation, easing traffic congestion and transporting visitors in a convenient, entertaining, and Only Vegas way. The larger Vegas Loop system connects to Vegas Loop at LVCC and includes the following stations: Resorts World Las Vegas, Westgate Las Vegas Resort & Casino, Fontainebleau Las Vegas, and Encore Resort at Wynn.

The Boring Company plans to expand throughout the resort corridor, which is envisioned to include over 100 stations spanning over 68 miles of tunnel, including downtown Las Vegas, Allegiant Stadium, UNLV, and Harry Reid International Airport.

Trips within the Las Vegas Convention Center are free. However, to use this system outside the LVCC campus, you must purchase tickets at lvloop.com/tickets.

The Boring Company manages and operates the Vegas Loop System / public stations. LVCVA does not control or dictate pricing outside the LVCC campus.

LAS VEGAS MONORAIL

The Las Vegas Monorail provides a quick and convenient connection along the Las Vegas Strip, linking riders to world-class restaurants, shows, shops, day/nightclubs, spas, hotels and casinos. Directly connected to the LVCC, as well as several resort hotels, the Monorail is the most convenient way to get around the Strip in just minutes – without the hassles of traffic or wasting time. Trains arrive every four to eight minutes at each of the seven stations, including:

- MGM Grand Station
- Horseshoe/Paris Las Vegas Station
- Flamingo/Caesars Palace Station
- Harrah's/The LINQ Station
- Boingo Station at Las Vegas Convention Center Station
- Westgate Resort & Casino Station
- SAHARA Las Vegas Station

As one of Las Vegas' "green" public transportation choices, the Monorail's electric trains include zero-emissions vehicles and provide significant reductions in vehicle miles and emissions for our Southern Nevada community. From a sustainability perspective, every attendee who rides the Monorail instead of taking a shuttle, cab or other vehicle reduces greenhouse gas emissions by about 1.6 ounces for every ride. Over the course of an average show or average stay length in Las Vegas, this equals about a pound of emissions reduction just from one round trip each day of their stay. It also eliminates trips on congested roadways, making the entire roadway network more efficient.

The Monorail offers exclusive discounts to conventions and groups within the resort corridor to augment any transportation plan. Opportunities range from discount shopping carts for attendees and exhibitors, integrating Monorail tickets into show registration and show badges, and numerous sponsorship and advertising options. The Monorail is also part of the new Show Your Badge and Save Program!

Visit lvmonorail.com/vegas-conventions or contact sales@lvmonorail.com for more information.
