HYATT REGENCY®
LOST PINES
RESORT AND SPA

SUSTAINABILITY AT OUR HOTEL

Caring for the planet is a natural extension of Hyatt's purpose — to care for people so they can be their best.
At Hyatt Regency Lost Pines Resort and Spa, we are dedicated to sustainability and are committed to making a difference through our daily processes. To learn more about Hyatt's sustainability efforts, click here.

OVERVIEW

- Located on 405 acres of natural landscape in Bastrop County, Texas, home to native birds and wildlife.
- Electric vehicle charging stations

CLIMATE CHANGE & WATER

- Energy efficient LED lighting is used throughout our hotel.
- Sensors are used in guestrooms to efficiently manage lighting and temperature.
- Linens changed every third day unless requested otherwise, and guests may choose to reuse towels by leaving them hanging
- Resort pond is sourced from reclaimed water

WASTE & CIRCULARITY

- Program for recyclable materials to include paper and cardboard
- Refillable water solutions are available to reduce single-use bottled water
- Implemented bulk amenities in the guest rooms to minimize single plastic waste.
- Reducing single-use items in food service areas by using linen napkins, tablecloths, reusable cutlery and bulk dispensers
- Biodegradable guest room keys
- Mobile entry through World of Hyatt app, which helps displace plastic keycards
- Gently used sheets and towels are donated to local community centers.

RESPONSIBLE SOURCING

Hyatt's *Food. Thoughtfully Sourced. Carefully Served.* philosophy guides us in how we select ingredients that are better for people, communities, and the planet.

- Cage-free eggs used in our restaurants
- Advancing seafood purchased from responsible sources
- Produce is organic and purchased locally
- Resort serves grass-fed beef
- Chicken is free-range
- Plant based and plant forward menu items are offered in our restaurants and for events
