

ACC NCR: AI Conference

May 6, 2026 – Virtual

9:00 am - 9:10 am	Welcome & Kickoff
9:10 am - 11:10 am 	Session One (Two Hours VA Ethics Session): Legal Ethics Concerns When Using Generative Artificial Intelligence in Client Matters This session will explore the ways in which in-house lawyers are beginning to use generative artificial intelligence (AI) and best practices and considerations for ethical use, including compliance with the Virginia Rules of Professional Conduct. <i>Presented by Williams & Connolly Partner David Riskin, along with Deborah Eltgroth, Manager, Emerging Tech& IP Counsel at Accenture Federal Services, and Zachary Stewart, Vice President, Associate General Counsel at Serco Inc.</i>
11:10 am - 11:20 am	Break
11:20 am - 12:20 pm	Session Two (Non-CLE): Artificial Intelligence – Threats from an FBI Perspective <i>Presented by Joshua Obstfeld, Counterintelligence Senior Executive for External Engagement at the FBI, along with ACC NCR member Christina Ayiotis as moderator.</i>
12:20 pm - 12:30 pm	Break
12:30 pm - 1:30 pm 	Session Three: Who's Really Logging In? Detection, Prevention, and Employer Response Strategies to Remote Workforce Fraud An exploration of challenges posed by remote workforce management, including legal issues tied to fraud detection, fake employees, compliance and cybersecurity risks. <i>Presented by Jeremy Merkelson and Michael Borgia, Partners at Davis Wright Tremaine LLP, Noah Rubin, Senior Director of Complex Digital Events and Expert Services at Kroll, Grace Fu, Chief Legal & Administrative Officer at Nanit and Julia Breyer, Corporate Counsel at Dodge & Cox.</i>

1:30 pm - 1:40 pm	Break
1:40 pm - 2:40 pm 	Session Four: AI on Trial: Copyright and Supply Chain Update This program will address recent AI-related litigation and key lessons for practitioners. The program will cover emerging copyright disputes involving training data and AI-generated outputs. Attendees will gain practical insights to help mitigate legal exposure and advise clients navigating the rapidly changing AI landscape. <i>Presented by Dina Blikshteyn, Partner, Co-Chair - AI and Deep Learning Practice Group, and Dan Ramish, Partner, Government Contracts and White-Collar Practice Groups at Haynes Boone, along with Raquel Buckley, Senior Patent Counsel at PayPal.</i>
2:40 pm - 2:50 pm	Break
2:50 pm - 3:50 pm ACC NCR Diamond Sponsor: 	Session Five: AI & Tech Transaction Risks This session provides a practical overview of the legal, operational, and ethical risks that arise in artificial intelligence and technology transactions, with a focus on issues counsel must evaluate during drafting, negotiation, and due diligence. Participants will explore key considerations such as data rights and ownership, model training and outputs, confidentiality and IP protections, vendor risk management, regulatory and compliance obligations, bias and accountability concerns, and evolving standards for AI governance. The program will also highlight common contractual pitfalls and offer strategies for aligning business objectives with responsible technology use. Whether advising buyers, sellers, or developers, attendees will leave better equipped to assess and mitigate risk in AI-driven deals. <i>Presented by Iliana Peters, Shareholder at Polsinelli PC, along with Courtney Welton, Former Senior Vice President & General Counsel at Allstate, Motorola Mobility (Google, Lenovo)</i>
