

Acne and Rosacea Meeting

June 24, 2022

St. Regis Aspen

This activity is jointly provided by Medical Education Resources and the Acne and Rosacea Meeting.

This activity is supported by educational grants and/or in kind product donations from

- Almirall, LLC
- Bausch Health US, LLC
- CUTERA, INC
- Galderma Laboratories, LP

Target Audience

US Dermatologists, Dermatology Residents, and Dermatology Physician Extenders

Statement of Need

Acne and rosacea are two of the most common skin conditions presenting to the dermatologist. New therapeutic modalities for treating acne and rosacea are emerging and the dermatology clinician needs to remain current in order to optimally treat the acne or rosacea patient. This conference will emphasize new and emerging modalities and their benefit over pre-existing treatments. There is no one treatment that is best for all patients and the differences amongst each therapeutic option will be discussed. Additionally, the expert presenters will give practical acne and rosacea management pearls so that clinicians can best care for these patients. Typical conferences include lectures on acne and rosacea simply regurgitating the literature with very little time for question-and-answer periods or true experiential pearls from experts. This virtual conference will not only have an extended interactive question and answer period but will also feature a discussion from the speakers about pitfalls that they have encountered in acne and rosacea management and tips for the audience to prevent them from befalling the same errors. The additions of an extended question and answer panel discussion, as well as the personal accounts from experts of their pitfalls, will make this a unique and sought-after conference. Given the lack of in person meetings due to COVID, there is a huge need for interaction amongst dermatologists. This meeting will provide knowledge but more importantly will give the audience access to the experts and provide an interactive forum.

Program Overview

A virtual CME conference that addresses practical acne and rosacea issues that every provider encounters. Led by experts, real world acne and rosacea pearls will provide the audience with knowledge that can't be digested elsewhere. Audience generated questions to a panel of experts will offer an interactive component to the meeting.

Learning Outcome

To update training as necessary to learn how to implement safe practices into new and emerging techniques and technologies.

Educational Objectives: After completing this activity, the participant should be better able to:

- Understand and implement the standard of care treatments for acne and rosacea
- Review first-line topical treatments for acne and rosacea
- Recognize the pros and cons of different antibiotic options for acne and rosacea. Discuss antibiotic resistance, antibiotic stewardship and the impact of broad-spectrum antibiotics on gut health.
- Describe second- and third-line therapeutic approaches for acne and rosacea such as hormonal treatments and isotretinoin. Understand alternative therapeutic approaches (e.g., laser treatment, dietary interventions) when traditional medical treatments fail.
- Understand how to manage the emotional and difficult acne and rosacea patient and their parent/caregiver.
- Apply learned lessons from pitfalls in acne and rosacea management and know how to prevent such errors from occurring.
- Understand the expert panel's opinion on audience-generated questions related to acne and rosacea.

Accreditation Statement

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, this activity has been planned and implemented by Medical Education Resources (MER) and Meeting Designs. MER is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physician Credit Designation

Medical Education Resources designates this live activity for a maximum of 2 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Nurses Credentialing Center (ANCC) Credit Designation

Medical Education Resources designates this live activity for a maximum of 2 ANCC nursing contact hours. Nurses will be awarded contact hours upon successful completion of the activity.

American Academy of Nurse Practitioners (AANP) Credit Designation

The American Academy of Nurse Practitioners (AANP) Certification Board recognizes and accepts continuing education (CE) 2 contact hours from activities approved by AMA, ACCME, ANCC, AANP.

Physician Assistant Credit Designation

Medical Education Resources has been authorized by the American Academy of Pas (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 2 AAPA Category 1 CME credits. Pas should only claim credit commensurate with the extent of their participation.

Disclosure of Conflicts of Interest General Session

Medical Education Resources insures balance, independence, objectivity, and scientific rigor in all our educational activities. In accordance with this policy, MER identifies conflicts of interest with its instructors, content managers, and other individuals who are in a position to control the content of an activity. Conflicts are resolved by MER to ensure that all scientific research referred to, reported, or used in a CME activity conforms to the generally accepted standards of experimental design, data collection, and analysis. MER is committed to providing its learners with high-quality CME activities that promote improvements or quality in health care and not the business interest of a commercial interest.

The **faculty** reported the following financial relationships with commercial interests whose products or services may be mentioned in this CME activity:

Name of Faculty	Reported Financial Relationship
Diane Berson, MD	Consulting Fees: Allergan, Procter & Gamble, L’Oreal, OthoDerm, Revance, La Roche-Posay, Crown, Evolus, Cassiopea, Ferndale, Regimen Pro, CLN
Paul Friedman, MD	Consulting Fees: Allergan, Solta medical, Candela Speakers’ Bureau: Solta Medical, Candela
Emmy Graber, MD, MBA	Grants/Research Support: Hovione, Ortho Dermatologics, Sebacia Consulting Fees: Digital Diagnostics, Almirall, Cutera, Hovione, Keratin Biosciences, La Roche Posay, Lidor AB, Ortho Dermatologics, Cebacia, Solgel, Verrica, WebMD Speakers’ Bureau: Almirall Ownership Interest/Shareholder: Digital Diagnostics Royalty/Patent Holder: Wolter Kluwer Health
Kavita Mariwalla, MD	Grants/Research Support: Merz AbbVie Consulting Fees: Merz, Revance Therapeutics, Galderma, L’Oreal Active Cosmetics Division and Belle.ai Speakers’ Bureau: Sanofi Regenreon

The **content managers** reported the following financial relationships with commercial interests whose products or services may be mentioned in this CME activity:

Name of Content Manager	Reported Financial Relationship
Karen S. Dennis, Meeting Designs, LLC	No financial relationships to disclose
Planners from MER	No financial relationships to disclose
