

**Public Health Spotlight: Please Take The 2022 Newborn Screening Survey
Twenty \$20 Amazon Gift Cards will be Ruffled Off for January 31 Survey Completion!**

The Georgia Department of Public Health in partnership with Georgia Academy of Family Physicians has developed the following survey to help us better understand developmental screening practices in the State of Georgia. We will use this information to develop and provide additional education, training, and support for family physicians and their staff.

You can access the survey at the following link:

<https://www.surveymonkey.com/r/D9MWKDN>

The survey will ask about your experiences with the identification and referral of children and other state-related services that you utilize to support children in your practice.

Thank you for your participation! Twenty \$20 Amazon Gift Cards will be Ruffled Off for January 31 Survey Completion!
