*Registration is **now open** (<https://tinyurl.com/9czm9sdj>) for Virtual Webinar*

Alzheimer's Disease and Aducanumab: What Now?

Registration: Please follow this [link \(https://tinyurl.com/9czm9sdj\)](https://tinyurl.com/9czm9sdj) to register.

Date & Time: Tuesday, June 15 from 6 p.m. – 7 p.m. EST

Webinar Objectives:

- Explain the need for ongoing and widespread screening for cognitive impairment in context of new disease modifying therapies that will require an early, disease-specific diagnosis for patient eligibility
- Understand what aducanumab is and how it works
- Identify statewide resources to increase patient access to diagnostic services as well as to community services and supports for those patients with evidence of memory loss or cognitive impairment

Presenters:

James J. Lah, MD, PhD – Emory Director, Cognitive Neurology Program

Chadwick Hales, MD, PhD – Emory Assistant Professor, Department of Neurology

Harry S. Strothers III, MD, MMM, CAQ-G, FAAFP - Chairman & Professor of the Department of Family Medicine at Mercer University School of Medicine

This webinar is brought to you by the Georgia Memory Net and GAFP. Please contact our Director of Education and Public Health, Milini Mingo, with any questions at mmingo@gafp.org or 404-321-7445.
