Welcome to

QUARK

Quark Conference Center rises in the economic heart of Milan just **4 km from the Dome of Milan** and a short distance from the **Bocconi University** and the lively Navigli area. The **largest conference center in Milan** inside a hotel, it extends on a total surface of **6,200 sqm** on 3 floors of Quark Hotel Milano, representing a unique location for great events and conferences of all sizes. Great attention goes to **dining and banqueting** experience. Signed by the starred chef **Andrea Ribaldone,** our food philosphy is based on the concepts of "km buono", mainly vegetal and fresh raw materials with strong a regional accent.

PHILOSOPHY

Complexity makes our work extreemely stimulating. We are used to plan and develop **large-scale events** with an international flair together with our customers and partners. In this process, **new technologies** help us develop **innovative solutions**. Our spaces are unique in the whole Milano area, their dimensions and flexibility is enhanced by our passion and knowledge, in compliance with what we considered a real promise: **fully satisfying every expectation** and organizational need.

EVENTS

Organizing an event means making an idea, a dream, a concept become reality. Thanks to **cutting-edge technologies, decades of experience, modular spaces**, we differentiate from other players and we can respond to every request of event organizers, both national and international. **Tout-court services combine with top-level performances** and attention to every detail. Strengthened by technical skills and consolidated professionalism, we follow the process with reliability, listening, timeliness, flexibility and speed of delivery from start to finish.

FOOD & DRINKS

Driven by the **creative touch** of the **starred chef Andrea Ribaldone and Moreno Ungaretti**, Quark's culinary proposal starts from the **local tradition**, enhancing the **freshness** of the ingredients and **regional diversity**.

The **simple approach** to the methods of preparation is also applied to some iconic dishes of our country.

The **open kitchen** with real **show cooking** involves participants and guests into the preparation of healthy, fresh and mainly vegetable proposals, able to surprise even gourmet lovers.

Pizzas, "schiacciate" and even croissants for breakfast are home-made and baked daily in our oven.

The various restaurant outlets, with the **Ristorante Morbido**, the **Veranda**, the large **Foyer**, the **lobby bar** and **Grab&Go** corner, guarantee a dynamic and appealing food experience, where you can enjoy the best proposals in à la carte menus as well as in the banqueting offer.

ROOMS & SUITES

Among **the largest in Milan, the 283 suites and rooms** of Quark are beautiful spaces to look at and live in.

Entirely renovated by the **Italian architecture studio Caberlon-Caroppi**, are equipped with functional and avant-garde, a contemporary but warm style with a palette inspired by the colors of the earth.

The furniture is essential and refined: an overall balance where nothing is left to chance. The facilities are designed to high standards of **sustainability and connectivity**.

The **Studios on the 5th floor** open to a hybrid concept of hospitality, made of color and contemporary, avant-garde design and fluid boundaries to encourage networking and connections.

A placeideal for studying, staying, working, having fun with common areas,living rooms and meeting rooms, co-working spaces.

We are able to **adapt to every need** and personalize the dishes with **your company brand**. Take advantage of our **delicious break options** that give the right pace and energy to your event.

LEADING WITH PURPOSE

Quark Hotel Milano invests in People, Planet, and the Future

We believe hospitality should go beyond comfort and convenience—it should embody a meaningful **commitment to the planet and the communities we serve**. With the achievement of the **DCA ESG Certification**, Quark Hotel Milano takes a decisive step forward, **placing the wellbeing of people and the environment at the very heart of its mission**.

The certification confirms the hotel's compliance across five key areas: human rights, labor relations and working conditions; health and safety; customer and consumer responsibility; community engagement and development; and data protection and cybersecurity.

This isn't just a formal recognition—it's a launchpad and a motivation to continue **driving tangible change**. Initiatives already in place include an **electric mobility system**, a partnership with **Ethic Ocean** to protect marine ecosystems, the use of **WAMI water**, **recycled paper**, and a steady **reduction in single-use plastics**.

We're laying the foundation for a **more responsible hospitality experience**—one rooted in forward-thinking values, where the art of welcoming meets a bold commitment to a **more sustainable future**.

LOCATION

The hotel is located in a strategic, easily reachable position, **20 minutes from the Duomo di Milano**, **15 minutes from Linate Airport** and in the vicinity of the two high-speed train stations: **Central Station at 20 minutes and Rogoredo at 15 minutes.**

Nearby there are the **Bocconi University,** the **Navigli** di Porta Ticinese, the **IEO**, the **IULM,** the **NABA**, the **Fondazione Prada**, the **Armani Silos** and many exclusive restaurants and clubs.

The privileged location makes Quark a new, competitive and accessible solution for business travelers.

Vigentino Distric

Milan Looks to the *Future*

Milan is gearing up to write a **new chapter in the city urban history** with the redevelopment projects of the **Vigentino** area, where the hotel is located, **Porta Romana**, and the nearby **Olympic Village**. These neighborhoods, rich in history and potential, are destined to become the future of the city thanks to an **ambitious vision of urban development**. With a focus on **sustainability, innovation, and community engagement**, the projects aim to redesign urban spaces to make them more livable, accessible, and active. This will include the creation of **new parks and green spaces**, the redevelopment of existing buildings, and the construction of **modern and sustainable infrastructure**. Through close collaboration between public authorities, private entities, and residents, the goal is to create an inclusive and **dynamic urban environment** that reflects the identity and needs of the Milanese community. With careful planning and a long-term vision, the **Vigentino area is poised to become a model of excellence** for urban redevelopment, inspiring cities worldwide.
