

BTS 2016 Programme – 9th and 10th November 2016
 Council House, Birmingham, UK

Day 1 - Wednesday 9th November 2016

08:30 – 10:00	Registration & Refreshments
10:00 – 10:15	Conference Welcome – BTS President AD Patel
10:15 – 10:45	<p>Oral Presentations: Session 1</p> <ul style="list-style-type: none"> • Banqueting Room • 4 x 5 minute presentations, followed by 10- to 15-minute discussion time <p><i>“Levels of evidence in pelvic trauma: A bibliometric analysis of the Top 50 cited papers.”</i> <i>Ailbhe White-Gibson, O’Neill BJ, Cooper D, Quinlan JF, Leonard M, O’Daly BJ</i></p> <p><i>“Missed/misdiagnosed pelvic injuries on CT scan with pelvic binder in-situ”</i> <i>Naveen Lokikere, Ulhas Sonar, Amol Chitre, Subhasis Basu, Henry Wynn Jones, Tony Clayson, Nikhil Shah</i></p> <p><i>“Introducing a new PROM for Trauma. The Chertsey Outcome Score for Trauma (COST)”</i> <i>Efthymios Iliopoulos, Sugit Agarwal, Arshad Khaleel</i></p> <p><i>“Pelvic binder placement in major trauma – The implications of current NICE guidance.”</i> <i>Edward Matthews, Alvin Lau, Mark Westwood</i></p>
10:45 – 11:20	<p>Oral Presentations: Session 2</p> <ul style="list-style-type: none"> • Banqueting Room • 5 x 5 minute presentations, followed by 10- to 15-minute discussion time <p><i>“Can junior doctor lead and driven teaching/training help improve the management of head injuries in a university teaching hospital? Yes it can!”</i> <i>Vikas Acharya ,Dr Shiv Sapra, Dr Keyur Patel, Dr Qasim Ahmed, Dr Muniswamy Hemavathi</i></p> <p><i>“C-spine immobilisation at major trauma centres in London. Is it time for a more pragmatic approach?”</i> <i>Hannah Lewis, Sumitra Lahiri, Neal Durge</i></p> <p><i>“Imaging of the cervical spine in trauma: can we simplify the protocol?”</i> <i>Mohammed Usmaan Halim, Helen Nicholl, Simon Ostlere</i></p> <p><i>“Complications of pelvic external fixators”</i> <i>Michael Mokawem, Gary Hannant, Nik Kanakaris, Peter Giannoudis</i></p> <p><i>“Outcome of Surgical Stabilisation of Complex Chest Wall Injuries in a Major Trauma Centre”</i> <i>Hafiz Iqbal, Sohan Shah, Sharon Scott, Simon Scott, David Melling</i></p>
11:20 – 11:50	Refreshments
	<i>Trade stands and refreshments situated in the Drawing Room</i>
11:55 – 12:25	<p>Oral Presentations: Session 3</p> <ul style="list-style-type: none"> • Banqueting Room • 4 x 5 minute presentations, followed by 10- to 15-minute discussion time

“Epidemiology & Outcomes of Concomitant Burns & Major Trauma”

Emir Battaloglu, Prof. K. Porter, UHB; Prof. F. Lecky

“Anterior Sacroiliac Joint(SIJ) plating for type C pelvic fractures outcome and complications”

*Mr. Rajkumar Thangaraj, Mr. T. Clayson, Mr. H. Wynn-Jones, Mr. A. Chitre,
Mr. N. Shah*

“Urethral Injury in Major Trauma”

Emir Battaloglu, Prof. K. Porter, UHB; Prof. F. Lecky

“A review of the management and practice guidelines of paediatric Supracondylar humerus fractures at a district general hospital”

Zaid Al-Wattar, Langhit Kurar, Jo Dartnell

12:25 – 13:05 Keynote Lecture

- Banqueting Room

“Recent Advances in Acetabular Surgery”

Theodoros Tosounidis - Consultant in Orthopaedic Trauma Surgery, Leeds General Infirmary

13:05 – 14:05 Lunch

Trade stands and refreshments situated in the Drawing Room

14:10 – 14:45 Oral Presentations: Session 4

- Banqueting Room
- 5 x 5 minute presentations, followed by 10- to 15-minute discussion time

“Pre-operative management of semi-elective trauma patients: are we over-investigating?”

Rosemary Wall, Saad Elashry, Sreenadh Gella, Bhuvan Machani

“The proliferative and osteogenic potential of fracture haematoma”

Gavin Walters, Mr Ippokratis Pountos, Professor Peter V Giannoudis

“The outcome of surgical treatment for atypical femoral fractures associated with long term use of bisphosphonates”

Vish Kumar, Ibrahim J, Smith R, Clough T

“Long Fixed Angle Plates in Management of Proximal Humeral Metadiaphyseal Fractures Patient Reported Outcomes”

Zaid Hashim, Y Khalid, A Andres, H Sheikh, H Kapoor H

“A practical ‘safe zone’ technique for lag screw fixation of the fibula”

Geraint Williams, William Marlow, Andrew Molloy, Lyndon Mason

14:45 – 15:20 Oral Presentations: Session 5

- Banqueting Room
- 5 x 5 minute presentations, followed by 10- to 15-minute discussion time

“The Reliability of the National Hip Fracture Database (NHFD)”

RafikYassa, R.Wright, Paul Dunkow

“THR in neck of femur fractures: Current performance and guidelines .An institutional experience”

Sudhir Kannan, Jason Wilson, Nick Johnson, Ash Gulati, Grahame Taylor

“Acute Total Hip Replacements Using Burch-Schneider Cages for Acetabular Fractures”

Daniel Banks, Pradeep Kankanalu, Bishoy Youssef, Justin Lim

“Analysis of early dislocation and revision rates in 174 patients treated with Exeter Trident Total Hip Arthroplasty for trauma over 5.9 years”

Daniel Bye, Bola Akinola, Nish Chirodian

“A single centre, retrospective analysis of two distal femoral locking plates. Do the syntheses plates fail early?”

Paul Brewer, Thomas Cash, Edward Mills

15:20 – 15:50 Refreshments

Trade stands and refreshments situated in the Drawing Room

15:55 – 16:40 **Keynote Lecture**
Banqueting Room

“The changing face of trauma”

Prof. Sir Keith Porter – Professor of Clinical Traumatology, Queen Elizabeth Hospital Birmingham

16:40 – 17:05 **Oral Presentations: Session 6**

- Banqueting Room
- 4 x 5 minute presentations, followed by 10- to 15-minute discussion time

“The management of post-traumatic osteomyelitis: case series of 12 patients”

Mira Pecheva, Bola Akinola, Ben Davis

“Post-operative low haemoglobin as a cause of new-onset delirium in patients undergoing surgery for fracture neck of femur”

Shahbaz Malik, Usman Ahmed, Naqvi Huma, Atul Malik

“Review of atypical femoral fractures in patients on anti-resorptive treatment”

Yuvraj Agrawal, R Akram, N Peel, J McGregor-Riley

“Management of paediatric femoral shaft fractures using traction in tobruk splint”

Seif Sawalha, Peter Skellorn, Rose Davies, Neeraj Garg

17:30 – 18:30 **BTS AGM**

Day 2 – Thursday 10th November 2016

08:30 – 09:30	Registration & Refreshments
09:30 – 10:00	Oral Presentations: Session 1 <ul style="list-style-type: none">• Banqueting Room• 4 x 5 minute presentations, followed by 10- to 15-minute discussion time <p><i>“The role of CT in assessing the acute elbow dislocation”</i> <i>Robert Jordan, P Raval, C Wilding, A Jones, S Malik, A Saithna</i></p> <p><i>“A comparison of total elbow arthroplasty and internal fixation in the management of distal humeral fractures in elderly patients”</i> <i>Robert Jordan, A Saithna, P Raval, C Wilding, T Lawrence, S Drew, C Modi</i></p> <p><i>“Total Elbow Arthroplasty versus Internal Fixation in the Management of Acute Distal Humeral Fractures - a systematic review and meta-analysis.”</i> <i>Robert Jordan, C Wilding, P Raval, A Saithna, S Drew, C Modi</i></p> <p><i>“Elbow fracture dislocation management using hinged external fixator”</i> <i>Mahdy M. Yassin, Medhat Khafajy</i></p>
10:00 – 10:35	Oral Presentations: Session 2 <ul style="list-style-type: none">• Banqueting Room• 4 x 5 minute presentations, followed by 10- to 15-minute discussion time <p><i>“Get smart or get sued: The essential art of The orthopaedic cast”</i> <i>Jamie A’Court, Rafik Yassa , CP Charalambous</i></p> <p><i>“Driving Plastered: Who’s doing it?”</i> <i>Awais Habeebullah, Alexander Bolt, Maulik Ghandi, Alastair Marsh</i></p> <p><i>“Management of thoracolumbar fractures in the multiply injured patient - experience of a level 1 Major Trauma Centre”</i> <i>Christopher Lodge, Peter Loughenbury, James Tomlinson, Robert Dunsmui</i></p> <p><i>“Biomechanical considerations for strategies to improve outcomes following volar plating of distal radius fractures”</i> <i>Robert Jordan, P Raval, C Wilding, Nick Howard, Adnan Saithna</i></p>
10:35 – 11:05	Refreshments
	<i>Trade stands and refreshments situated in the Drawing Room</i>
11:10 – 11:55	Keynote Lecture <ul style="list-style-type: none">• Banqueting Room <p><i>“Current insights in the pathogenesis and management of long bone non-union”</i> <i>Peter Giannoudis – Professor of Trauma and Orthopaedics, Leeds Royal Infirmary</i></p>
11:55 – 12:25	Oral Presentations: Session 3 <ul style="list-style-type: none">• Banqueting Room• 4 x 5 minute presentations, followed by 10- to 15-minute discussion time

“Modern’ Distal Femoral Locking Plates Allow Safe, Early Weight Bearing with a high rate of union and low rate of failure; 5-year Experience from a UK Major Trauma Centre”

William Poole, D Wilson, H Guthrie, S Bellringer, R Freeman, E Guryel, S Nicol

“Patient survival after surgery for pathological fractures or impending fractures of the femur”

Gunasekaran Kumar

“Extremity injuries sustained in the Iraq and Afghanistan conflicts: 2003-2014”

Jowan Penn-Barwell, Henry Chandler, Kirsty Macleod

“The outcome of treating fragility femur fractures using polyaxial locking plating system”

Zeiad Alshameeri, A Arora, M Bence, J Owen, V Khanduja

12:30 – 13:00 **Oral Presentations: Session 4**

- Banqueting Room
- 4 x 5 minute presentations, followed by 10- to 15-minute discussion time

“Complications of volar locking plate fixation of distal radius fractures: A consecutive series of 165 patients”

Amy Firth, George Greenfield, Sami Hassan, Girish Swamy, Amol Tambe, Tim Cresswell, Marius Espag, David Clark

“Is post-operative immobilisation with plaster casts following volar locking plating in distal radius fractures beneficial?”

Angus Fong, Alistair Eyre-Brook, Stephen Bostock

“Semi-extended intramedullary nailing of distal tibial fractures reduces operative time with no difference in outcome”

Nisarg Mehta, Veenesh Selvaratnam, Niall Breen, Peter Skellorn, Janse Schermerhorne, Badri Narayan, Nikolaos Giotakis

“The Highly Proliferative Mesenchymal Stem Cell Fraction: A Novel Subpopulation”

Ippokratis Pountos, Karen Henshaw, Peter V Giannoudis

13:00 – 14:00 Lunch

Trade stands and refreshments situated in the Drawing Room

14:05 – 14:50 **Keynote Lecture**

Banqueting Room

“Bones and Injuries in Space Flight”

Dr Bergita Ganse – Resident. Department of Orthopaedic Trauma, RWTH Aachen University Hospital, Germany

14:50 – 15:20 **Oral Presentations: Session 5**

- Banqueting Room
- 4 x 5 minute presentations, followed by 10- to 15-minute discussion time

“The role of intramedullary fixation in ankle fractures – a systematic review”

Robert Jordan, Christopher Wilding, Parag Raval, Adnan Saithna, Anna Chapman

“Severe acute lower limb trauma in elderly patients treated with circular Ilizarov frame. The Chertsey experience”

Efthymios Iliopoulos, Natasha Morrissey, Seok Cho, Arshad Khaleel

“Combat hindfoot fractures in UK military 2003-2014: is salvage feasible?”

Philippa M. Bennett, Tom Stevenson, Ian D. Sargeant, Alistair Mountain, Jowan G. Penn Barwell

“Is routine ankle syndesmosis screw removal required?”

Hunter Thomas, Heaver Catriona, Ali Ashique

15:20 – 15:50 **Oral Presentations: Session 5**

- Banqueting Room
- 3 x 5 minute presentations, followed by 10- to 15-minute discussion time

“The weekend effect: a retrospective cross sectional study reporting 30-day mortality rates of fracture neck of femur patients, stratified by day of admission to a level one trauma centre”

Jack Pullan, Rajpal Nandra, Khalid Baloch, Keith Porter

“Hindfoot fractures in uk combat casualties: medium-term patient reported outcomes”

Philippa M. Bennett, Tom Stevenson, Ian D. Sargeant, Alistair Mountain, Jowan G. Penn Barwell

“Ankle fracture management and NICE (NG38)”

Duncan Cundall-Curry, R Cope, C Jackson, F James, E Ribey, A Tsyben, S Imam

15:20 – 15:50 Closing remarks - BTS President AD Patel

- Banqueting Room

Conference Close
