Tracking Sheet for Your Badges-to-Awards

The 21st Century Pedagogy Institute (21CPI) seeks to empower teaching excellence through professional development that is designed following research-based educational theories and practices. By participating in programs and submitting artifacts based on Faculty Learning Outcomes (FLOs), faculty are able to earn recognition at one or more levels across their entire teaching careers.

This form is used to help you track which badges, certificates, etc. that you have earned leading up to our prestigious Teaching Excellence Award. Please use the Artifact Submission Form to submit your artifacts for specific badges. When you are awarded a badge, certificate, etc., we will use this form to both notify you and document your progress. You will receive an email with this Tracking Sheet attached, which you can download and store for your records. As you earn more badges, you will receive an updated Tracking Sheet. If you need a current Tracking Sheet, email us at 21cpi@uco.edu and we will send you one.

Thank you, and we hope to connect with you soon at one of our exciting 21CPI Programs!
