NJAHPERD Action Plan for Every Student Succeeds Act (ESSA)

1. Professional Development

Focus on strategies to improve instruction in Health and Physical Education (examples: interdisciplinary, increase moderate/vigorous physical activity, small sided activities, assessment and 21st Century skills and knowledge.)

2. Resources

Programs aligned with NJ Student Learning Standards (examples: SPARK, STEM, Take10, Math & Movement)

3. Technology

Increase use of technology to gather data (examples: e-portfolios, pedometers, move bands, fitness data collection software, IPads, Apps)

We will expand the plan as we move forward.

NJAHPERD is committed to improving instructional practices and providing meaningful professional development. We have collaborated with the NJDOE Coordinator of Comprehensive Health and Physical Education, Brendan O’Reilly on many PD events and look forward to continuing our involvement in the ESSA process.
