

Exhibition package

ICBR is the international platform for reviewing the challenges faced by Battery Producers and the Battery Recycling Industry on a global basis. For over 30 years, ICBR has brought together the international community of experts and decision makers of the entire Battery Recycling value chain, including battery manufacturers and recyclers, collection organizations, OEM's, policymakers, materials and services providers and many more...

The conference will offer participants business opportunities through networking and communication with battery recycling actors including representatives of existing industrial processes and processes under development. It also offers the chance to showcase your business and to meet old and new customers.
