2026 Community & Distributed Energy - Post Summit Report

May 28-29, 2026
Washington DC

490

Attendees

From 34 States

61	D.C.
61	New York
59	Maryland
44	California
41	Illinois

C-Suite, President, Owner, Founder	19%
Sr. Vice President, Vice President	14%
Sr. Director, Director	22%
Sr. Manager, Manager	22%
Associate, Analyst, Researcher	15%
Other	7%

- In total, of the 490 attendees, 49% were CCSA Members
 - 88% of CCSA's Leadership Members were in attendance
 - 70% of CCSA's General Members were in attendance
 - 100% of CCSA's Affiliate Members were in attendance

About CCSA

The Coalition for Community Solar Access (CCSA) is a national trade association representing more than 100 community solar companies, businesses, and nonprofits. Together, we are building the electric grid of the future where every customer has the freedom to support the generation of clean, local solar energy to power their lives.

Through legislative and regulatory advocacy, and the support of a diverse coalition — including advocates for competition, clean energy, ratepayers, landowners, farmers, and environmental justice — we enable policies that unlock the potential of distributed energy resources, starting with community solar.

For more information, visit communitysolaraccess.org and follow us on [Twitter](#) and [LinkedIn](#).
