

Fundamental skills course

Pathway to predictable and successful implant placement

Sessions 1–3 | 2027

Session 1 Self-paced training (online)

This virtual course covers the fundamental concepts and techniques of implant dentistry. Must be completed before Session 2.

Session 2 Lecture and hands-on (in-person)

Participants will learn how to place dental implants predictably, efficiently, and successfully. This session includes hands-on exercises regarding bone grafting, flap design, and suturing as well as various implant placement scenarios. Course will cover proper diagnostics, atraumatic extractions, step-by-step surgical implant placement, overdentures, zygoma implants, and more.

Session 3 Live patient surgery (optional)

Participants will perform live surgeries on multiple patients, donating crucial dental care to low-income individuals and families. Session includes case evaluation, post-op instructions, CBCT evaluation and training, pain management, and real-life experience with multiple dental implant surgical procedures.

Faculty

Dr. Jedediah V. Huss received his doctorate in dental surgery from the Herman Ostrow School of Dentistry of USC. He currently holds the status of Diplomate with the International Congress of Oral Implantologists (ICOI), has published multiple articles related to dental implants, and has lectured for many companies as a KOL (Key Opinion Leader) regarding implant dentistry.

Dr. Huss has been a faculty member and instructor with multiple teaching institutes where he provides comprehensive dental surgical training to various dental professionals while at the same time serving the homeless, veterans, and the underserved. He is also the founder and clinical director of Restored Smiles, which is a continuing dental education company that strives to teach clinical excellence within implant dentistry and helps doctors turn knowledge into action in the everyday dental practice. Dr. Huss received "Top Instructor for Implants" in 2020 and 2021 as well as "Top Course Provider for Implants" with Restored Smiles in 2021 from Course Karma (a peer-to-peer dental CE review company).

Dr. Huss currently practices within Los Angeles and Ventura counties and dedicates much of his efforts within his offices toward cosmetic and implant dentistry while offering I.V. sedation.
