NCCN Continuing Education Disclosure Policy

It is the policy of NCCN that all planners, faculty, moderators, authors, reviewers and anyone involved in the planning and delivery of NCCN continuing education activities are expected to disclose **ALL** financial relationships they have had in the past **24 months** with ineligible companies. The ACCME *Standards for Integrity and Independence* require that individuals who refuse to provide this information will be disqualified from involvement in the planning and implementation of accredited continuing education presented by NCCN. NCCN identifies, mitigates, and discloses to learners all relevant financial relationships.

In addition, all content has been reviewed to ensure education promotes safe, effective patient care and does not promote the products or services of an ineligible company. Content, including any presentation of therapeutic options, is fair, balanced, evidence-based, scientifically accurate, and free of commercial bias and marketing.

Definitions

Ineligible Company: An ineligible company is any entity whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.

Relevant Financial Relationships: Financial relationships of any dollar amount occurring within the past **24 months** are defined as relevant if the educational content an individual can control is related to the business lines or products of an ineligible company. There is no minimum financial threshold. We ask for disclosure of **ALL** financial relationships with ineligible companies, regardless of the amount and regardless of the potential relevance of each relationship to the education.

NCCN Staff Disclosures

The planners listed below have the following **relevant** financial relationship(s) with ineligible companies to disclose. All of the relevant financial relationships listed for these individuals have been mitigated.

Crystal Denlinger, MD, FACP
2seventy bio: Grant/Research Support
AbbVie, Inc.: Grant/Research Support
Bluebird bio: Grant/Research Support
Bristol Myers Squibb: Grant/Research Support
Eli Lilly and Company: Grant/Research Support
Genentech, Inc: Grant/Research Support
GSK: Grant/Research Support
Pfizer Inc: Grant/Research Support
Sanofi: Grant/Research Support

None of the other planners for this educational activity have **relevant** financial relationship(s) to disclose with ineligible companies whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.

Faculty Disclaimers

All faculty for this continuing education activity are competent in the subject matter and qualified by experience, training, and/or preparation for the tasks and methods of delivery.

Faculty presentations may include discussion of off-label use. Faculty will disclose that the use in question is not currently approved by the FDA per the product labeling or marketing.

Faculty Disclosures

The faculty listed below have **no relevant financial relationships** with ineligible companies to disclose.

Rajiv Agarwal, MD, MSCI
Michael J. Berger, PharmD, BCOP
