Let’s Talk:
Conversations About Women’s Health

Exploring Health Care Careers for High School-Aged Girls

The Center for Women’s Health Research and UCHhealth are pleased to present the 4th Annual Girls’ Career Day. High school-aged girls won’t want to miss this unique opportunity to learn about a variety of careers in health care. Girls will be introduced to careers in surgery, bioengineering, neurosurgery, research, nursing, and emergency medicine. There is limited space so please sign up early to snag your spot!

Date: Tuesday, June 19, 2018
Time: 8:00 am–3:30 pm
Where: Drop off and pickup Anschutz Health and Wellness Center 1st floor lobby 12348 East Montview Blvd. Aurora, CO 80045

“Let’s Talk” is an educational series that focuses on women’s health. The content is uniquely created and presented by a panel of nationally-renowned experts, physicians and researchers.

This Let’s Talk event is sponsored by the Center for Women’s Health Research and UCHhealth.
Agenda

8:00-8:30am  Parent-Daughter Breakfast and Registration  
Anschutz Health and Wellness Center, 3rd floor

9:00-11:00am  Center for Surgical Innovation  
Bioscience 1 Building  
Observe surgical procedures and learn about the state of the art surgical technology in one of the region’s most high-tech training facilities.

Bioengineering  
Research Complex 2  
Learn about the fascinating research in the vascular mechanics and pulmonary structure function labs. Discover how tissues are tested with complex machines in order to gain a better understanding of what happens to them when they are diseased.

11:30am-12:45pm  Lunch and Learn  
Academic Office 1, 7th floor

11:30am-12:00pm  Aviva Abosch, MD, PhD  
Academic Office 1, 7th floor  
Hear from one of the top neurosurgeons in the country. Learn about her career, the required education and training for neurosurgery and research, and a typical week as a neurosurgeon and researcher.

12:00-12:45pm  Medical School and Nursing School Admissions Q & A  
Academic Office 1, 7th floor  
Interested in applying to medical school or nursing school after college? Learn about the process from admissions staff from the CU School of Medicine and CU School of Nursing.

1:00-3:00pm  Wells Simulation Center  
Leprino Building, 1st floor  
In this state of the art simulation lab, participants will be able to assess a patient coming out of surgery, including talking to a patient, listening to heart and lung sounds, feeling the patient’s pulse, and giving the patient medication to help with postoperative pain.

Sarah Perman, MD  
Leprino Building, 6th floor  
Ever wonder what it is like to work in an ER? Dr. Sarah Perman will share her experiences and insights as a physician in the Emergency Department and as a researcher who is studying sex differences in post cardiac arrest care. Her team will also teach the fundamentals of bystander CPR.

Emergency Medical Services  
Leprino Building, 6th floor  
Learn about careers in emergency medical services and about the required training and certification to become an emergency medical provider.

3:30pm  Pick up at the Anschutz Health and Wellness Center
