Subject: **Proposal to attend Centricity LIVE 2018**

Dear <Insert Department Head's Name>,

I would like to attend Centricity LIVE, GE Healthcare's annual user conference, taking place in Las Vegas, NV on May 16-18, 2018.

The two and a half day event features an agenda of educational sessions including in-depth training for <Insert solution(s) you use>, as well as general healthcare industry information that will educate me on the latest trends in technology and healthcare policy.

Here are five ways that I will specifically benefit from attending Centricity LIVE 2018 to optimize our Centricity investment.

- 1. Dedicated education tracks**
This conference enables me to attend a number of sessions presented by fellow <Insert your title or those of your peers> and knowledgeable industry speakers that are directly applicable to my work and will improve our department's use of <product(s) that you are using> and help meet the current and future challenges of <choose one or more: Imaging & Cardiology, Ambulatory, Workforce Management, Financial Management, High Acuity Care>.
- 2. Product Roadmap sessions**
These sessions will reveal plans and future releases for <name specific products interested in> provided by GE Healthcare. These tracks can help us better understand the products we use, enabling us to become more efficient at a lower cost and with higher returns.
- 3. Earn CE credits**
The <Insert the track of your focus> educational sessions will also qualify me to receive valuable CEs from <use relevant organization AHIMA, AHD, ASRT>. At Centricity LIVE 2017, there were a total of 75 CE credits available, and GE is planning to provide more in 2018.
- 4. Exchange best practices with other Healthcare Leaders**
The conference will put me face-to-face with peers at other healthcare organizations with whom I expect to share useful initiatives that are heralding the transformation of clinical and financial healthcare reform. Panel discussions and networking events will provide me the

opportunity to share and exchange best practices that will improve my knowledge on **<product that you are using>** which will optimize our organization's investments.

5. **Meet GE Healthcare executives, product managers, developers and support service staff**

My time at Centricity LIVE will allow me to meet one-on-one with the Account Managers and Support Staff whom I work with daily to optimize our systems. Additionally there are opportunities to meet with **product and marketing managers** with whom I can share our ideas and areas of need, as well as request enhancements to improve the solutions we use.

I am seeking sponsorship for the registration fee and travel expenses during the conference. I believe these training dollars will be very well spent.
