WOMEN IN CONSTRUCTION WEEK: MARCH 1-7, 2026

ROCKZANN MARSHALL
DESIGN MANAGER &
SENIOR PROJECT MANAGER
AT MPC ENTERPRISES, INC.

"I have been in the construction business for nearly 30 years. I started in a city engineering department, moved to surveying for a while, to machine design and finally landing in precast about 20 years ago. Currently holding the role of design manager and senior project manager.

I like to tell women that are looking to go into the construction field to "Shed your fears, doubts and other people's opinions. Stand like you belong there."

TERESA NELSON
SENIOR PROJECT MANAGER AT PDM

"I have been in the construction industry for 22 years and have enjoyed every minute of it! Being able to hold a variety of roles has made for an exciting career. I've been fortunate to experience being a Quality Control Manager, Estimator, General Manager, and a Project Manager. Along with the honor of serving as the Chairperson of the PCI Plant Certification Committee.

Choose a job you love and you will never work a day in your life! - Confucious"

Please send your headshot and a quote (examples above), along with this signed release, to Caroline Belz (caroline@pcimidwest.org) no later than *February 17, 2026* for inclusion in PCI Midwest's 2026 Women in Construction Social Media Campaign. Please include your name, title, and company name.

The platforms utilized will be LinkedIn, Facebook, and Instagram. PCI Midwest will tag you and your company (where applicable) in the post that features your image and quote.
