Advanced training for electrophysiologists

Objective

Two days of faculty-led training on pulsed field ablation with the Volt™ PFA System: technology, workflow and contact sensing, biological and clinical impact, and comparative perspectives against pentaspline and cryoballoon. Two live cases, a three-station hands-on rotation and a small group workshop.

Faculty

Prof. Dr. Roland Richard Tilz
Prof. Dr. Charlotte Eitel
Assoc. Prof. Dr. Jan-Per Wenzel
Dr. Sascha Hatahet
