

**Porter Heath Morgan IV,
Partner, Martin Golden Lyons Watts Morgan**

Porter Heath Morgan, IV, is a national recognized speaker and is a leading voice and thought leader on AI technology and its implementation into the work force. Heath is the author of the science fiction novel on the future of AI technology and what it means for our world called “The Memory Project.”

Heath has over 20 years’ experience as general counsel, and is a partner with Martin Golden Lyons Watts Morgan, PLLC where he specializes in strategic initiatives, compliance, and cybersecurity for financial service and healthcare companies. He helps clients and providers implement artificial intelligence technology to streamline efficiencies and increase compliance performance.

Heath speaks nationally and internationally on AI technology as well as various compliance topics for industry associations, regulators, and educational organizations. Heath is licensed in Colorado, Kansas, Oklahoma, and Wyoming and is a member of the Supreme Court Bar.
