the website to learn more.

**Ready. Set. Secure.** Captures the mission at the heart of everything we do: preparing the professionals who protect our venues, games, and events. Each year, NCS<sup>4</sup> convenes the practitioners, public safety partners, and solution providers responsible for the safety and security of sports and special events — from professional stadiums and college campuses to high school fields, marathon routes, and concert venues. Through practitioner-led sessions, solution partner engagement, and networking with peers who know the pressures of this work, you will leave with tools you can apply immediately, a network you can call on, and a clearer view of what readiness demands today. Come prepared to learn, to challenge your assumptions, and to lead. Be ready. Get set. Stay secure.
