Are you an educator, administrator, researcher, faculty or related professional working in the field of autism, intellectual disability and/or developmental disabilities? Then this specialized conference is for you! Presentations will integrate research and practice, reflecting the ongoing need for evidence-based and practice-informed strategies and interventions, to enhance the educational outcomes for individuals with autism, intellectual disability, and/or developmental disabilities.

Our conference program features over 300 interactive lecture and poster presentations, networking luncheons, an exhibit hall, and other opportunities to engage with colleagues and leaders in the field. Conference participants may also attend one of two in-depth, pre-conference training institutes, on either Using Current and Emerging Technologies to Enhance Outcomes for Students with ASD and/or Intellectual Disability or Supervision in Applied Settings and Ethics in Providing Sexuality Education.

Need credit for professional learning? We have that covered. CEUs through CEC, now known as Professional Development Hours (PDHs), are available for all conference sessions and both pre-conference institutes. Note: CEC PDHs count toward maintenance of the ASHA Certificate of Clinical Competence.

Value added alert for BCBA certificants! At no additional cost, up to 14 BACB CEUs will be available for designated sessions on the conference program and for the pre-conference institute on Supervision in Applied Settings and Ethics in Providing Sexuality Education.

For further information, please contact: Cindy Perras, DADD Conference Co-ordinator, cindy.perras@gmail.com
