PROGRAM AGENDA

v9.2

Time	Topic	Speaker
7:30am-4:30pm	Registration, Exhibit Hall	
7:30am-9:00am	BREAKFAST BUFFET IN EXHIBIT HALL	
7:45am-8:45am	Breakfast Sessions: Emerging Investigators in Myeloid Malignancies	
9:00am - 9:10am	Introduction	John Mascarenhas, MD Marina Kremyanskaya, MD, PhD Ruben A. Mesa, MD, FACP
9:10am - 9:50am	MDS/MPN overlap neoplasms, with a special focus on CMML	Mrinal S. Patnaik, MBBS
9:50am - 10:30am	Novel inflammatory paradigms in blood cancer: <i>Microbial signals drive pre-leukemic evolution</i>	Daniel T. Starczynowski, PhD
10:30am - 11:00am	COFFEE BREAK IN EXHIBIT HALL	
11:00am - 11:40am	PI3K gamma as a target in myeloid malignancies	Andrew A. Lane, MD, PhD
11:40am - 12:20pm	Inhibiting menin to target KMT2A, NPM1 and NUP98 rearranged leukemias	Eytan M. Stein, MD
12:35pm - 1:20pm	Lunch Program (non-CME) The role of the physician scientist in drug development	Ross Levine, MD
1:30pm - 2:10pm	Leveraging DNA methylation to predict response to therapy in MDS and CMML	Maria "Ken" Figueroa, MD
2:10pm - 2:50pm	Early intervention in patients with clonal hematopoiesis and increased risk for myeloid malignancies- Are we there yet?	Uma Borate, MBBS
2:50pm - 3:15pm	COFFEE BREAK IN EXHIBIT HALL	
3:15pm - 3:55pm	Practical application of genomics in myeloid neoplasms- hematopathology perspective	Sanam Loghavi, MD
3:55pm - 4:30pm	Award Presentations, Research Showcases and Closing Remarks	John Mascarenhas, MD Marina Kremyanskaya, MD, PhD Ruben A. Mesa, MD, FACP
4:30pm	ADJOURN
