

Community Policing Training

Live-Stream Interactive Course

March 31, 2021 | 8:00am - 4:30pm, Central

Police-community relations is, by all accounts, the most critical issue facing law enforcement in America today. This training seminar presents law enforcement leaders with solutions, based on empirical research and actual practice, for **improving citizen satisfaction, citizen confidence, and citizen support** for law enforcement officers.

This training utilizes the findings from social scientific research to identify what factors influence citizen satisfaction with the police, then provides real-life case study examples to illustrate each of the solutions identified by the research. **This training is suited for law enforcement leaders of any rank who engage in directing agency operations and assist in forming departmental policies.**
