

Walking Foot Wonders

Christa Watson

All Levels

Thursday, 8:30 am - 4:00 pm

Room: 103B

**#17T8101t - Quilting/Finishing-
DOMESTIC MACHINE**

Are you tired of stitching in the ditch? Learn to utilize the power of your walking foot to stitch “near” the ditch instead! It’s much faster and easier, yielding results that are very forgiving and more fun to stitch! Explore a wide range of designs like wavy lines, grids, and interesting geometric spirals. Christa will teach you how to incorporate decorative machine stitches to create interesting machine quilted textures. She will also discuss how walking foot motifs can be quilted as an allover design or applied to different areas of a quilt for a custom look. After taking this workshop, you will be empowered to embrace the beauty of imperfection as you learn to quilt your own quilts!

Registration for this workshop includes show admission for Thursday.
