#17T7506 - Piecing

Learn how to sew curved shapes with your sewing machine! Carolina teaches step by step, in detail, how to make these beautiful shapes, empowering you to freely piece shapes in your quilts! It is not appliqué. In addition, Carolina shows you three variants of these forms (one form on top of another, one form next to another, and one form within another) and gives you ideas to inspire you in your next creations!
