Discover the fun of Freemotion Sketching! In this creative workshop, you begin with a simple sketch and bring it to life by adding color and detail using fabric-safe colored pencils. Shading and highlights enhance the design before it is finished with Freemotion Sketching to add texture and definition. This process encourages creativity and self-expression. With no rules to follow, there are no right or wrong results, just the joy of creating and having fun!

Registration for this workshop includes show admission for Wednesday.
