

Endless Stars: Moonlit Flight

Barbara Cline

Beginner, Intermediate

Friday, 8:30 am - 11:30 am

Room: 102C

#17F7508 - Piecing

Watch a single triangle block bloom into a bold, layered star. This design looks wonderfully intricate, yet the construction stays simple with easy piecing and no inset seams. As the triangles come together, striking secondary stars and radiating shapes appear almost like magic.

This workshop teaches you how to make this one simple block with endless possibilities to create secondary designs of cubes, circles, stripes, chevrons, stars, blossoms, and more.
