Curved Piecing: Beautiful Stones

Carolina Oneto

All Levels

Friday, 8:30 am - 4:00 pm

Room: 103C

#17F7105f - Piecing

Proudly Sponsored By

JANOME
Reliability by Design

In this workshop, learn to design and piece a 30" square quilt top, learning different techniques to piece curves and concentric circles. Explore different compositions, color combinations, and shapes as Carolina shows you all her tricks to create these captivating designs. Learn how to cut fabrics with complex shapes and how to sew these curved shapes by machine. No freezer paper is used in this class.

Registration for this workshop includes show admission for Friday.

Member: \$128 Retail: \$160

Supplies:

Please bring the following items to class:

- **Basic Sewing Supplies**
- Small scissors with a sharp point
- Roxanne Glue Baste-It, temporary basting glue (with applicator)
- Fabric marker (chalk or water erasable)
- Rotary cutter (IMPORTANT: with a new blade)
- Painters tape

Fabric:

- 35" x 35" piece of fabric (it will be your background)
- Hue A: Four different values, 1 fat quarter per value
- Hue B: Four different values, 1 fat quarter per value

For the class, prepare all your fabrics, ironing them with your preferred fabric starch

Color combinations:

Option 1: Hue A and Hue B are ANALOGOUS colors and the background is their COMPLEMENTARY color (example Hue A and B are yellow and yellow-green, background is purple)

Option 2: Hue A and Hue B are COMPLEMENTARY colors and the background is a NEUTRAL (example: Hue A and B are orange and blue, background is grey)
