Adding Value through Selection

What: Zoom Webinar with Jared Decker

Webinar can be used viewed at the Webster County Extension or anywhere internet is available.

Dr. Decker will discuss how to select herd sires using as much information as possible. He will discuss using genomic enhanced EPD’s and other selection tools, to help producers to actually get what they are selecting for! Attendees will also learn how to select a bull through visual appraisal.

Farm visits— You will have the opportunity to apply what you learn through the webinar.

Where: The webinar will be Thursday Oct. 24th at 6:30 pm

Oct. 26th—2 farm visits

8:30-10:30am—Cantrell Creek Angus—2243 Cass Rd, Niangua, Mo.

Noon-3pm—Worthington Angus— 562, 246 State Hwy W, Aldrich, MO 65601

This program is designed to help producers create a plan using selection tools to produce predictable, profitable cattle.

Cost—$10
