Lee Tomlinson, Cancer Survivor, Founder of the C.A.R.E. Effect Movement, Los Angeles

A stage 3+ cancer survivor, patient-centered care advocate and customer service expert, Lee is a nationally known thought leader and TEDTalk presenter on compassionate care. Combining his unique constellation of life experiences for the benefit of healthcare providers, he is a speaker dedicated to bringing more compassionate care to the forefront of modern medicine.

Professionally, Lee Tomlinson is a former executive who owned a legendary Hollywood studio, built another, raised tens of millions of dollars for a national charity, produced award winning network television specials and toured the world as a professional athlete. After a lifetime as a successful entrepreneur and customer service expert, he was faced with Stage 3+ throat cancer. His journey through cancer and encounters with compassion-less care led him to severe depression. Fortunately, a deeply kind and caring physician renewed Lee's will to live and inspired him to create the C.A.R.E. Effect Movement.

Why You Should Attend

- Good blend of theory with clinical application.
- Latest research on cutting-edge therapies.
- Combination of hard-hitting clinical content and professional development sessions.
- Expert speakers whose clinical practice involves challenges similar to yours.
- Network with professional colleagues regarding excellence in cancer care.
- Return to your practice setting reinvigorated and assured that providing care for those with cancer is where you belong!

Presented by

MU Nursing Outreach
Where Continuing Education and Continuing Competency Meet

MU Extension
Ellis Fischel Cancer Center

When asked how they planned to apply what they learned, last year’s participants said:

- Laugh more with my patients. Laughter is the best medicine.
- Involve Palliative Care Services earlier in the diagnosis and treatment process.
- Reinforce the importance of ongoing follow-up for the remainder of a person's life.
Agenda • Friday, April 26

AM
7:30  Check-in and Light Breakfast
Visit Exhibits (come early to visit exhibits, this is the best time to do so as exhibit times are limited throughout the day)

8:15  Welcome and Introductions
Shirley J. Farrah, PhD, RN, BC, Assistant Dean, MU Nursing Outreach and Teaching Professor, MU Sinclair School of Nursing
Jeanette Linebaugh, MSN, RN, OCN, Director of Nursing, Ambulatory Patient Care Services, Director of Clinic Operations - Surgery Clinic/Bariatrics/WCH Urology /Surgery, University of Missouri Health Care Representative, Central Missouri Chapter, Oncology Nursing Society

8:30  The Naked Truth about Compassion is Revealed: From Burnout Back to Brilliance
Lee Tomlinson, Cancer Survivor, Founder of the C.A.R.E. Effect Movement, Los Angeles, CA
Compassionate care significantly improves the mental, physical and emotional well-being of both patients and healthcare professionals. The immense benefits of compassionate care are not only to heal and relieve patient suffering, but to also nurture and invigorate the healthcare professionals who provide the care and prevent burnout. This session reveals the devastating impact of care lacking in compassion. The major focus of the program is on six simple tools that can be immediately implemented to dramatically enhance compassionate care. Patient care will be revitalized and you will feel happier, healthier, and more engaged!

9:30  Break (Visit our exhibitors)

9:50  Immune Effector Therapy: CAR T cell, NK cell and VST’s
Monica L. Hente, MSN, RN, BMTCN, CPON, PPCNP-BC, Pediatric Nurse Practitioner, Cellular Therapy, Siteman Kids Cancer Center, St. Louis Children's Hospital, St Louis
This session will include the types of cancer best suited to CAR T Therapy, how this therapy works and its potential side effects as well as patient selection and availability of this treatment. The new immune effector cell therapies-Natural Killer (NK) cell therapy and Virus Specific T Lymphocytes (VST’s) will also be discussed.

10:50  Skin Cancer Detection - Emily Smith, MD,
Assistant Professor of Clinical Dermatology, MU School of Medicine, Columbia
Every nurse understands the importance of skin exams in order to detect skin cancers early.

11:50  Hosted Luncheon (Visit our exhibitors)

12:45  Managing the Side Effects of Cancer Therapy – (mini presentations)
Individuals with cancer may have surgery, chemotherapy, radiation therapy or other new and innovative treatments to rid the body of the cancer cells. However, many individuals may then suffer life altering side effects including body changes, fatigue, changes in cognition, alopecia and anorexia. This session will feature some of the treatments to ameliorate these distressing side effects.
• Hair Loss and Wigs - Patti Bush, Cosmetology Consultant, MU Ellis Fischel Cancer Center
• Music Therapy - Emily Herzog, MT-BC, Board Certified Music Therapist, MU Women's and Children's Hospital
• Occupational Therapy - Lindsey Holt, MOT, OTR/L, Occupational Therapy, MU Ellis Fischel Cancer Rehab

1:45  Current (and Future) Practices in Diagnosis & Treatment of Breast Cancer - Emily Albright, MD, Clinical Surgical Oncology, MU Ellis Fischel Cancer Center and Assistant Professor, MU School of Medicine
Screenings and improved treatment options have increased breast cancer survival rates. This session will discuss the current diagnosis and treatment of breast cancer including ongoing research that will guide treatment in the future.

2:45  Break

3:00  Precision Medicine - Jussef Kaifi, MD, Cardiothoracic Surgery, MU Ellis Fischel Cancer Center and Assistant Professor, MU School of Medicine
Precision medicine means using the genetic changes in a patient’s cancer to determine treatment specific to that cancer. This evolving specialty can have long-term benefits as we learn more about how genes and lifestyle choices affect us.

4:00  Adjourn

The University of Missouri-Columbia complies with the guidelines set forth in the Americans with Disabilities Act of 1990. If you have special needs as addressed by the ADA and need special assistance with this or any portion of the learning process, please notify us as soon as possible. Reasonable efforts will be made to accommodate your needs.
**Location**

---

**Accreditation**

**Nursing**

The University of Missouri Sinclair School of Nursing is an approved provider of continuing nursing education by the Midwest Multistate Division, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.

Midwest Multistate Division Provider Number MO1019-7.

**Requirements for Successful Completion**

Participants may earn up to 6.0 contact hours for attendance at the conference, commensurate with the extent of their participation in the activity, completion of the evaluation form and payment in full.

**Social Work**

Continuing education units have been requested from the University of Missouri, School of Social Work.

---

A conference syllabus will not be provided. All participants are asked to print or save their own handouts. A link to the handouts will be e-mailed to each paid registrant three days prior to the conference and will remain up one month after the event. Accordingly, please do not share this link. If someone needs the link, they should call our office at (573) 882-0215.

We ask all speakers to submit handouts. If there are no handouts posted, that means the speaker did not submit them by the due date. If we receive handouts after the due date, they will be posted as we get them. You may want to check for any handouts that are currently missing, prior to the conference. Some speakers bring handouts on the day of the event and we post those as soon as possible after the conference.

**Registration Fees**

- Early Registration (By 4/5/19) - $189
  ONS Member - $179
- Regular Registration (After 4/5/19) - $209
  ONS Member - $199
- Onsite Registration - $229
  ONS Member - $219
- Students - $107
  Onsite Registration - $117

**Group discounts:**

- 3-5 registering at the same time with the same payment – 10% discount for each registrant
- More than 5 – 15% discount/registrant

---

**Reminder**

Online registration is available at [nursingoutreach.missouri.edu](http://nursingoutreach.missouri.edu)
