Innoplus

Design stunning bathrooms quickly and accurately

Planning, presentation, estimate and order can all be completed in just a few minutes. Boost your bathroom and tile sales with ease with Innoplus 3D design software. Its user-friendly interface allows you to create complete bathroom designs in under 20 minutes, offering clients photorealistic images, 2D technical plans and detailed item lists. This helps address client objections and eliminates issues like imprecise sketches or object clashes. Innoplus enables you to focus on client needs, enhancing professionalism and increasing trust in your ability to deliver their project.

Key features

Advanced 2D and 3D bathroom design
Turn your ideas into reality with high-quality designs, customisable layouts and interactive visualisation including a product catalog.

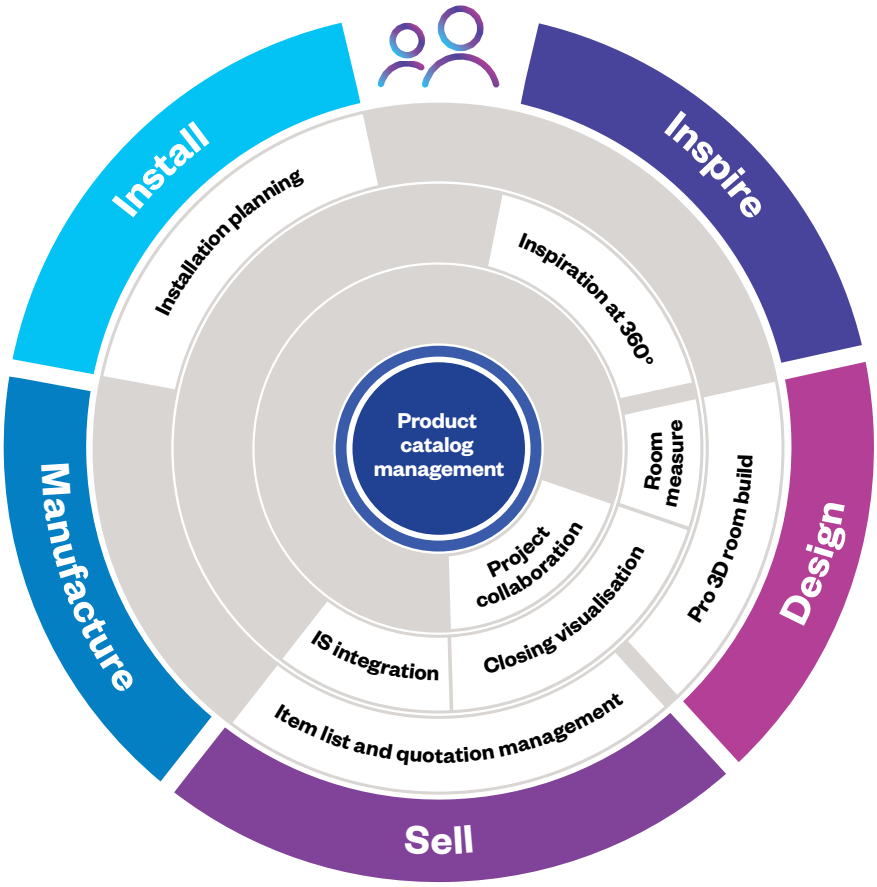

Project collaboration and realistic design visualisation
Improve customer engagement with remote design sharing, interactive visualisation and communication that enriches the design process.

Clear item list and precise planning
Design, evaluate and close quickly with accurate planning, effective management tools and compliant installations, boosting customer confidence.

Explore the full capabilites of Innoplus

This capabilities map illustrates how Innoplus supports the entire process, from inspiration to installation of your customer's bathroom. By covering every step, we ensure exceptional quality, customer satisfaction and sustainable growth for your business.

Our capabilities are enhanced by features designed to meet the specific needs of businesses like yours. We are constantly enhancing our solutions, incorporating the use cases that are most relevant to you and your customers.
