Tabernacle History

Built in 1910 as a Baptist church, the Tabernacle has been revived as a completely unique event venue. Deep, wrap around balconies offer a perfect view of the early 20th Century architecture. The initial spirit shines through with hand-painted details throughout, including the original grand pipe-organ and the breathtaking crystal chandelier that adorned the Lowes Grand Theatre during the Gone with the Wind premiere in 1939.

Main Concert Hall

The main concert hall can seat 350 to 1,800 guests.

Our state-of-the-art sound and lighting equipment are operated by the most experienced technicians in the entertainment industry.

The Cotton Club

The Cotton Club can accommodate an additional 500 guests. This space has been recently renovated using the set that was left to us when Conan O'Brien taped his show during Final Four. The space is perfect for pre-receptions, meet and greets, after-parties, club lounge, or game area.

Artist Lounge:

The Artist Lounge can accommodate up to 150 guests reception-style. The walls are adorned with local folk art. This space is perfect for cocktail receptions.

VIP Room:

Located off the side of the Artist Lounge and the first balcony, this is the ideal spot to host up to 30 guests for a VIP experience at a concert of your choice.

The Room:

The Room can accommodate up to 150 guests reception-style. This space was the gymnasium for the church. Now it is the perfect space to host your next VIP reception or retirement party! This space also allows overflow into two other VIP areas.

SkyView Ferris Wheel is located right next door to the Tabernacle

Outside Digital Marquee
