

DONCARLOS

MARBELLA
SINCE 1969

A beachfront paradise in Marbella, surrounded by 20,000 m² of lush tropical gardens. Recently renovated, every detail has been crafted by the award-winning Jaime Beriestain Studio, perfectly capturing our Andalusian charm.

Since its inauguration in 1969, the Hotel Don Carlos Marbella has stood as a beacon of elegance on the Costa del Sol. Founded under the auspices of famed hotelier Conrad Hilton, it embodied the birth of luxury tourism in Andalusia and quickly became a gathering place for discerning guests from across the globe.

From the very beginning, its allure attracted international celebrities, artists, and Hollywood stars who found here a private sanctuary where glamour met the Mediterranean spirit.

This heritage is not merely a matter of chronology; it is present in the details. The sensorial memory of Mediterranean light playing over white stucco towers; the sight of elegant guests wandering from the lobby to the beach clubs; the feel of gardens that whisper of an earlier era of style and ease.
