The Ultimate Wave Tahiti

An extreme blend of surfing and ocean science, staring nine-time world surfing champion, Kelly Slater. Travel to one of the world's most picturesque locales as you're immersed under the Fleet's Giant Dome. Then, get ready to experience the power and speed of surfing and the sensation of riding some of nature's most intense ocean waves in a visually stimulating experience for all ages.
[50 minutes]

Wild California

ADVENTURES IN WILD CALIFORNIA Celebrate California's natural wonders and unique culture. From the Gold Rush to snow board fever, from the interior of massive Sequoias to the hidden workers on the Golden Gate Bridge, heart-pounding imagery recreates experiences few will ever have. **[39 minutes]**

Under The Sea

Experience the sea and its marvelous marine life at the Reuben H. Fleet Science Center IMAX Dome Theater starting April 1. Through the visual majesty of IMAX, audiences will be transported to the crystal blue domains of diverse underwater dwellers, including the Leafy Sea Dragon and the Flamboyant Cuttlefish. **[41 minutes]**

HUBBLE

For nearly 20 years, the Hubble Space Telescope has dazzled us with unprecedented views of the cosmos—from the splendor of our celestial neighborhood to galaxies billions of light years away. Now, audiences will blast off alongside the Atlantis STS-125 crew, witness up-close some of the most challenging spacewalks ever performed, and experience firsthand Hubble's awe-inspiring imagery, from the heart of the Orion Nebula and our Milky Way to the edge of the observable universe. Recounting the amazing journey of the most important scientific instrument since Galileo's original telescope, HUBBLE will immerse moviegoers in the great wonders and astounding beauty of our universe.
[48 minutes]

The Greatest Places

From oceans of sand to frozen desserts, Earth's most dynamic landscapes fill the giant Nanoseam™ Dome screen with color and contrast. THE GREATEST PLACES will take you on a geographical odyssey to seven amazing locations — including Greenland's giant icebergs, Tibet's Chang Tang Plateau, and Iguazu's immense waterfall — showcasing nature's enduring power with the majesty of IMAX®. **[40 minutes]**

Dolphins

This Academy Award-nominated film invites viewers to take the plunge with dolphins, from the dazzling coral reefs of the Bahamas to the wind-swept seas of Patagonia. **[40 minutes]**

Mummies: Secrets of the Pharaohs

Journey to the royal tombs of Egypt and explore the history of ancient Egyptian society as told through the mummies of the past. Follow explorers and scientists as they piece together the archaeological and genetic clues of Egyptian mummies, bringing to life the fascinating and mysterious world of the pharaohs. Can knowledge gained from ancient mummy DNA advance modern medical science? To unwrap the secrets of the pharaohs is to glimpse the future of our own civilization. **[40 minutes]**

The Living Sea

Travel to Palau, Hawaii, Oregon, Alaska, Nova Scotia, and the Red Sea to explore the mysterious depths of the world's oceans. Using dizzying aerial and time-lapse footage, this film provides underwater imagery normally only reached by wearing fins and a mask! You'll feel like you are part of the action as you swim with thousands of golden jellyfish performing a graceful migratory dance or witness the bizarre spawning behavior of giant clams. Directed by veteran filmmaker Greg MacGillivray, with cinematography by local Del Mar resident, Howard Hall, THE LIVING SEA features music by Sting and narration from Meryl Streep. The film was nominated for an Academy Award®, Best Documentary, Short Subject, 1995. **[40 minutes]**
