

SUSTAINABILITY AT OUR HOTEL

Caring for the planet is a natural extension of Hyatt's purpose — to care for people so they can be their best. At [Hyatt Regency Conroe](#), we are dedicated to sustainability and are committed to making a difference through our daily processes. To learn more about Hyatt's sustainability efforts, [click here](#).

OVERVIEW

- Experience a retreat from the city in one of the fastest growing cities in Texas
- Conroe provides a number of options for the outdoor enthusiasts, including hiking, nature trails, and 22k acre Lake Conroe
- Our hotel is Green Key certified to 4-keys
- We welcome vehicle owners to plug into our on-site chargers, including designated Tesla charging stations

CLIMATE CHANGE & WATER

- Energy efficient LED lighting is used throughout our hotel
- Sensors are used in guestrooms to efficiently manage lighting and room temperature
- We track and manage environmental performance using Hyatt EcoTrack, Hyatt's global environmental sustainability software
- Coordinating the temperature of event spaces to reduce energy use while supporting attendees' comfort
- Through our Conserve program, we change linens every third day unless requested otherwise, and guests may choose to reuse towels by leaving them hanging
- Colleagues are trained regularly on water conservation practices

WASTE & CIRCULARITY

- Plastic bottles, paper, and cans can be placed in recycling bins located in public areas of the hotel, such as lobby, and outside of elevators on each floor
- Utilizing refillable solutions for water rather than single use bottled water. Additional self-service water or infused water stations are available upon request. Reusable water bottle refilling stations available around meeting spaces and fitness center. Plastic straws are offered upon request
- Mobile Entry is available through the World of Hyatt app to eliminate the number of plastic keycards handed out
- Supporting digital signage and offering Hyatt Apps to help enable a paperless meeting
- Offering notepads and pens at a central location rather than at every seat

RESPONSIBLE SOURCING

- Hyatt's Food. Thoughtfully Sourced. Carefully Served. philosophy guides us in how we select ingredients that are better for people, communities, and the planet.
- Cage-free eggs are utilized in our restaurants
 - Seafood is sustainably purchased from responsible sources
 - Produce is organic and purchased locally
 - Beef is all-natural and grass-fed
 - Plant based & plant forward menu items are offered in our restaurants and for events
 - Meeting planners are invited to select from our Menu of the Day, which has the added benefit of streamlining ingredients and reduce food waste
